

Our two most popular Housekeeping plans are either WE boat you in or YOU boat in directly.

Our perfect location on Lower Manitou AND the best lodging in the area makes our housekeeping packages the very best value for your fishing dollars!

Our prime location gives us the closest proximity to the best fishing and therefore optimizes your time and success on this big lake. We will also provide you with an orientation to the lake and have great depth maps to make sure you are set up for the best fishing ever!

Both of these plans offer you our deluxe cabins with screened in three season rooms, private docks and hook ups to charge your boats and electronics. Cabins have full kitchens with all the items needed to cater to the "foodies" in the group. There are also BBQs and a larger grill at the main lodge. We will provide you with detailed instructions to get to the Esox Landing, whether for boat taxi service or to launch your own boat.

Before finalizing your Housekeeping plan - consider one or two more items to significantly increase the value of your trip. First consider adding one or two days of guide service at the beginning of your trip - these experienced guides will be able to put you on the best fishing any day of the season. Second, consider adding a meal, especially on the day of arrival or day of departure - it just allows you more time to be focused on fishing.

Housekeeping Plan - Our Boat in Package

Let us take care of picking you up at the landing and getting you safely to your deluxe accommodations. We will take you through the Manitou Straights and through most of Lower Manitou. You will experience remote! The 60 minute trip will give you time to unwind and take in the wonderful scenery. Our staff will get you settled in and then look after getting you ready to hit the water for your first day of fishing. We will take the time to get you oriented to the lake and offer advice on some current hot spots and lures to get you started.

For each day of fishing you will have one of our 16' boats* with a 25 hp boat and a daily amount of gas.

Housekeeping Plan - We Boat You In Packages				
(Taxi from Esox Landing)				
3 nights / 2 days fishing	4 nights / 3 days fishing	5 nights / 4 days fishing	6 nights / 5 days fishing	7 nights / 6 days fishing
