

ACCOMMODATIONS

Enjoy complete privacy in our spacious lakefront cabins. Each non-smoking cabin has fully equipped kitchens, hot water, full indoor plumbing, three-season porches and private boat docks. Linens and towels are provided.

Guests have access to gas grills and can relax in our hot tub, sauna or enjoy an outdoor campfire.

Internet service is available in the main lodge. We use solar sourced energy, along with diesel generator backup, to ensure your batteries will always be charged. All your comforts have been considered. Visit our website at www.manitouweatherstation.com for rates, photos and detailed floor plans.

HISTORY

Northwestern Ontario is one of the top fly-in fishing destinations in Canada and Lower Manitou Lake is located right in the heart of it all. With the lodge being located in the most remote region of the lake, you are guaranteed a peaceful wilderness vacation and the opportunities to see a variety of wildlife.

The Royal Sovereign Gold Mine operated at Lower Manitou Lake in the late 1800's. Today this site is home to the Manitou Weather Station fishing lodge. The lodge's unusual name comes from its role in Canadian history. In the 1980's the Ontario Ministry of Natural Resources collected weather information at this site.

We invite you to become a part of history, visit and learn about the many unique sites and lake legends at the Manitou Weather Station.

FISHING

Outstanding fishing, with a variety of structures and lake depths, provide you with the recipe for the best fishing trip of your life.

The lake is famous for its hard fighting small and large mouth bass; plentiful muskie, that can reach over 50 inches (and the possibility of the next world record catch); lake trout from good eating right up to trophy size; and consistently great northern pike.

To extend your fishing adventure, we have access to nearby small lakes, offering many more fishing opportunities.

SERVICES

We offer a variety of trips from our full service fly-in American plan to our boat-in housekeeping plan – and many plans in between. Boat taxi service is available. Whatever your needs, we will help you plan your dream trip.

We welcome you to visit the deep Ontario wilderness. Gather in the lodge to share the day's fishing tales, enjoy the warmth of the fire and the delicious home cooked meals, provided with the American plan.

Our experienced guides will ensure you have a great fishing adventure and savour the taste of a traditionally prepared shore lunch.

Our boat and motor equipment and attentive dock service will guarantee a comfortable and care free fishing experience.
